

2022 SPONSORSHIP + ENGAGEMENT MENU

ABOUT NC TECH

NC TECH, a member-driven non-profit representing North Carolina's tech sector, works to drive the growth in North Carolina's tech and tech-enabled businesses. Sponsorship with NC TECH is a great avenue in which to connect with the state's largest tech association to get connected, gain visibility, and reach decision-makers. Our team can work with you to build a sponsorship package, regardless of your budget, to help you achieve your business goals.

Sponsorship of NC TECH events is an impactful way for you and your organization to garner valuable brand recognition as well as reach high-level executives and decision-makers from across the state. As a sponsor, you will receive exclusive benefits and special recognition before, during and after the event. Additionally, we can work with to build a program that meets your needs, regardless of your budget, and helps you achieve your business goals.

EXECUTIVE NETWORKS

EXECUTIVE NETWORKS

NC TECH offers a wide range of opportunities for CIOs and other IT executives to gather, discuss challenges and best practices and build a strong network of peers across the state. While several are structured dialogues, others are informal networking opportunities that allow for great conversation and relationship building.

CIO + CISO Executive Roundtable - \$1,500 - Two Per Session (Exclusive Roundtable - Invitation Only) Quarterly Meetings

Two unique forums held quarterly that are exclusive to CIOs + IT Executives and CISOs + IT Security Executives to exchange challenges, information and best practices, hosted virtually to include leaders from across the state. Session topics are selected and moderated by participating CIOs and CISOs.

Executive Receptions - Host Sponsor - \$1,250 (Limited Availability) Charlotte, Triad + Triangle

Relationship building is critical to success in any business or industry. NCTECH hosts Executive Peer2Peer receptions that provide CIOs, CISOs and IT executives the opportunity to come together and build relationships with others and discuss issues common to all in a more informal setting.

Tech CEO + Site Leader Receptions - Host Sponsor - \$1,500

NC TECH has a strong record of engagement with policy makers at all levels of government. This invitation-only reception is part of our ongoing effort to engage tech leaders with each other and with elected officials. Attendance at this event is limited to invited guests, and representatives from a limited number of Host Sponsors.

Online Executive Auction - Bidding - December (Online)

Going once, going twice - secure a guaranteed meeting with a Tech CEO, CIO or CISO by being the winning online bidder. Proceeds support NC TECH programming, including our education foundation which administers a scholarship for women pursuing a STEM academic path.

Executive Private Dinners - Dinner Sponsor - \$5,000 plus the cost of dinner (Exclusive)

As an exclusive sponsor, host a dozen or more executives, gathered in an intimate dinner setting to discuss best practices and issues germane to all sectors. Past venues include the Angus Barn in Raleigh and the Duke Mansion in Charlotte.

TECH DIVERSITY BENCHMARK PROJECT

NC TECH, The Diversity Movement and Racepoint Global, in conjunction with Inclusion Analytics, are pleased to announce a benchmarking collaboration that will define a baseline of how tech companies from across the state are doing in the areas of diversity, equity and inclusion. This data will provide important information to government leaders, economic developers, company leaders, HR teams and others to see where North Carolina is excelling as well as provide key feedback on ways to strengthen D,E+I efforts as the state becomes an even larger tech hub.

2022 RESEARCH UNDERWRITERS MENU

With the support of underwriters, NC TECH commissions + releases research on the state's tech sector for the benefit of our members, and as a resource for policy makers, economic development leaders, and the media.

NC STATE OF TECHNOLOGY INDUSTRY REPORT + STATE RANKINGS

ANNUAL

The NC STIR, first released in January 2015, highlights the vibrancy and immense economic impact of North Carolina's technology sector. The data is used to track the tech industry, identify results to celebrate and identify issues that affect the states competitiveness for policy makers. The report includes facts, trends and insights into North Carolina's technology industry along with state rankings. Deliverables include a dedicated website (www.NCSTIR.com), a published Key Findings summary and live briefings to present highlights of the data collection.

TECH INNOVATION INDEX: NATIONAL METRO COMPARISON

ANNUAL

The Index compares the state's metros' tech performance against other top metros in the country. The methodology, developed with input from tech leaders, uses a list of metrics grouped into three sub-indexes: tech talent supply, tech talent demand, and innovation. The data used to compare metro tech performance is released annually and will be used to assess year after year. Deliverables include a national map with the 100 metros included in the index and a published report.

IT JOB TRENDS: SNAPSHOT OF IT JOB POSTINGS

MONTHLY

The snapshot captures the environment for tech employment in North Carolina with a snapshot of IT job postings presented in various top ten lists (skills, jobs, employers, regions). It also includes a rolling 13-month chart reflecting the trends in job openings over the previous year. Utilizing the TalentNeuron tool from Gartner, this snapshot is designed to provide insights to both tech employers + professionals as they assess the employment landscape. The deliverable is a snapshot with graphics released to members and the media in the latter part of each month with data from the previous month.
