

Join leaders from across North Carolina's technology and business community for a day of competition, camaraderie, and connection at the iconic Pinehurst Resort. The Golf Classic features a full day of play, including breakfast, lunch, and recognition at the Awards Luncheon. Whether you're an avid golfer or a casual player, this tournament offers unmatched opportunities to build relationships and enjoy time away from the office. One of the event's most popular features — the CIO Foursome Sponsorship — gives sponsors the chance to draft participating CIOs into their foursome for the day.
