

YOUNG TECH PROFESSIONALS NETWORK

The Young Tech Professionals Network (YTPN) is comprised of early-career professionals ages 21-35 who are eager to build connections, sharpen their skills, and grow as future leaders in North Carolina's tech sector.

The network provides opportunities to engage with peers across the state, access professional and leadership development resources, and take part in conversations around innovation, career advancement, and the future of technology. Open to both NC TECH members and non-members, the YTPN offers exclusive programming, special discounts, and a pathway to greater involvement in the state's thriving tech community.

OPPORTUNITIES

The YTPN will provide opportunities for young professionals to:

- **Build meaningful connections** with peers across the state and gain visibility.
- **Access professional and leadership development opportunities.**
- **Engage in conversations** around innovation, career growth, and the future of technology.
- **Enjoy exclusive offers and discounts** through NC TECH.

INVESTMENT

Membership on the YTPN is \$240 annually. It can be pro-rated by quarter and bundled with other NC TECH sponsorship packages.
